

CAKE TASTING APPOINTMENTS

For weddings, quinces, and other events!

HOW TO BOOK THE APPOINTMENT

To book an appointment, you must speak with one of our Designers either in person at our studio, over the phone, or via email.

WHEN ARE APPOINTMENTS AVAILABLE? HOW LONG DO THEY TAKE?

Our dine-in cake tasting experience is available by reservation only on Wednesday and Thursday afternoons when our studio experiences the least interruptive client traffic.

Appointments may be scheduled to begin between 2:30-4:00pm. We anticipate that the appointment takes one hour. If your appointment exceeds one hour, we will conclude your appointment and schedule you for a follow-up at another time.

DO I HAVE TO PAY FOR THE TASTING IN ADVANCE?

Yes. The cake tasting is \$55 paid in advance for either the dine-in experience or the appointment. Each box is \$55, and is a separate cost from the wedding reservation itself. Wedding consultations are not available as walk-ins and do require an appointment with one of our Lead Designers. If follow-up appointments are needed after a dine-in cake tasting, a private hour with one of our Lead Designers is \$25.

WHAT IF I CANNOT VISIT DURING THE AVAILABLE DINE-IN SCHEDULE?

If you are unable to join us for a dine-in cake tasting during our available appointment schedule, we invite you to reserve a take-home cake tasting, which is \$55. This option does not include a consultation at the time of pickup, and its cost does not apply to the final balance of the wedding reservation.

For couples who are coming to us from a long distance or are otherwise unavailable during our appointment schedule, we also offer email consults, through which you share your design ideas and one of our Lead Designers returns a custom sketch for your review. This process is asynchronous and may take several emails to complete.

WHEN ARE APPOINTMENTS AVAILABLE? HOW LONG DO THEY TAKE?

We anticipate that only 2 people join us for a tasting (typically the bride and groom). You are more than welcome to bring members of the bridal party or family members for their input during the consultation, but please do not bring more than a total of 4 people.

The dine-in cake tasting includes 2 matching arrangements of our bestselling cake flavors, icings, and fillings, prepared for a delightful self-serve experience. While we do not offer extra plate settings for this experience, we will be glad to prepare an additional take-home cake tasting for you to share.

At the start of your appointment, we begin with your reservation details and design work. A Lead Designer first asks you about your ideas or preferences and reviews any reference images or notes that you choose to bring with you. Then, your Designer will develop a custom sketch of your vision right there with you. While you have time to enjoy your cake tasting, your Designer will calculate your custom quote, and finally will review with you the details of our Contract and the final balance of your wedding reservation.
